

COME HELP CREATE A MORE WALKABLE AND BIKEABLE WINCHESTER

JOIN US FOR A WORKSHOP WED, MAY 23, 6-7:30 PM

The Northern Shenandoah Valley Regional Commission and the City of Winchester **invite you to join us** for a **community workshop** to help create a more **walkable** and **bikeable** Winchester. The **Green Circle Trail (GCT)** is a popular community asset. Opportunities exist to enhance this asset by establishing **north-south bicycle** connections and improving **cultural and environmental** signage along the GCT. The **red sections** of the map shown above have been studied by transportation engineers and planners, who would **value having discussions** with you about **options, priorities, and possibilities** before making recommendations.

WHAT WE'LL TALK ABOUT

- *Connecting to the Green Circle Trail*
- *Improving interpretive signage along GCT*
- *North-South bike corridors*
- *Walkability*
- *Opportunities*
- *Your priorities and concerns*

QUESTIONS?
